Noosa H Day Patient Rehab Services Patient Info DL - February 2016

Day Patient Rehabilitation Program

A multi-disciplinary approach to illness & surgery that aids recovery helping you to regain your function & independence

Your Hospital

NOOSA
HOSPITAL

Noosa Hospital Day Rehabilitation Program provides excellence in multidisciplinary patient focused care to assist in recovery after illness or surgery. We aim to help each patient optimise their health and independence.

A range of day patient rehabilitation programs are available to eligible privately insured and veteran patients.

Who would benefit from the Day Rehabilitation Program?

The Day Rehabilitation Program is for patients who have had an illness, surgery or a long hospital stay and require a multidisciplinary team approach to assist with their recovery.

The Program Structure

You will be assessed by a Rehabilitation Consultant and the relevant allied health professionals.

During the assessment it will be determined if your needs are suitable for group or individual sessions.
